MEMORANDUM FOR MNWG/CC

FROM: MNWG/ENC CC

SUBJECT: 2017 Encampment Patch Approval

1. C/Maj Chanski has submitted the following patch and heraldry for approval for the 19th Cadet Training Group. IAW MN Wing Supplement to CAPM39-1, the following artwork and heraldry is submitted for your approval.

2. Heraldry:

2.1. Moto: We Are In

2.2. Meaning: The word "In" stands for 3 things- Incremental, Intentional, and Inspiring. The theme of encampment, starting from the CTW to day 8 will be improving as leaders, from staff to all students, no matter your place in the cadet program. The three words above describe how this change and development in our leadership should be. We choose to

improve something and work on it every day (intentional). We accept that it won't happen over night, but with day to day monitoring (incremental), and in the end the change should be noticeable for the better and encourage others to follow along (inspiring).

2.3. Meaning of Items on Patch:

Plant (the growth in leadership/character)

3 branches (intentional, incremental, inspiring)

Words (we are all in this tough pursuit of development together)

2.4. Colors:

Green Plant- Freshness, Life (living to the fullest and bettering ourselves through it all)

Gold Lettering- Excellence and Wisdom (how we govern ourselves in this process)

Grey Background- Retrospective (the actual act we are striving for that encompasses it all)

Red Rim- Strength (pushing us to follow through and do are best in everything we set out to accomplish)

Col Garlough,

Please disregard this request. The encampment historian has requested / recommended that we add the "Tri-Prop" design to the patch. We will reprocess our request when that is complete.

Thank you.
