CIVIL AIR PATROL UNIT PATCHES

VOLUME THREE

by

Lieutenant Colonel Stephen Howard, CAP

**NATIONAL HEADQUARTERS, CAP
MAXWELL AIR FORCE BASE, ALABAMA**

FORWARD

This volume represents Colonel Steve Howard's first venture into the publication of historical material. It is a continuation of the work started by myself in 1988 with the publication of volume one of this series.

Following my retirement from Civil Air Patrol in 1995 and two volumes documenting C.A.P. unit insignia, I decided that Colonel Howard would be the one who could continue the series. His many years as both a Cadet and Senior Member, coupled with his interest in and the collecting of Civil Air Patrol insignia, made him a natural choice.

Now, after many long hours of work, Colonel Howard's Volume Three is ready. His personal background and dedication are an asset to Civil Air Patrol and the collectors of C.A.P. insignia.

LTC CAP (Ret)**

PREFACE

After being asked by LTC Lee Ragan, CAP, to carry on the series of Civil Air Patrol Unit Patch Books, several years later, Volume Three, is finally here. I felt very honored to have been asked by Colonel Ragan to carry on the lineage of the Patch Books. It has been six years since volume two was finished.

There are several duplicates in this volume, from previous volumes because of a better copy of the patch was available. Plans are already in the works for a volume four. It may take some time, as a few hundred patches are needed to publish a volume. If submitting a copy of a patch, please make sure that it is the best possible copy available and please do not fold the copy. Also, please include the name of the Unit, Group, Wing and Charter Number, this will better identify the patch and the unit it is from.

An added interest in the CAP Historical World is Captain Andrew Browning's web page (<http://www.isl.net/~alamrcn/>).

Those that carry on the history of Civil Air Patrol, are giving a look at the past, so that we can see where we have been, therefore enabling us to plot the future.
